## Empowering Utility Clients Through *Nuclear-Grade PMO™* Services

Founded in 2019, Orbital Project Management delivers Infrastructure and Construction PMO Setup and Management with nuclear-grade precision. Our Executive Team combines 31+ years of energy and infrastructure leadership with 20 years of military experience, backed by certified PMPs with 70+ years of combined expertise. We've managed over \$560M in project budgets with <0.5% variance and on-time results, always prioritizing safety through our ISNetwork "A" rating and BCSP-certified Safety Manager. As a certified DBE-WOSB-SDVOSB, we help Primes and Agencies meet participation goals while ensuring compliance and quality. Our newest **Nuclear-Grade PMO™** service line brings unmatched rigor to utility and infrastructure projects, and we also train in-house project management staff, building lasting client capability.
